

Added to this is the joy of having absolutely everything you could need to make your stay relaxing: each of the 50 serviced apartments (with views over the lagoon or treed piazzas) is equipped with a range of appliances, including a fridge, freezer, tea and coffee-making station, washing machine and iron, so that guests truly feel that they are in a home away from home. You're able to choose from one- to four-bedroom apartments, with a well-appointed penthouse and presidential suite also available, all with WiFi and concierge service.

With everything else taken care of, it's time to customise your stay. If you're travelling with family, be sure to visit Steyn City's Lagoon. Bringing the best of the coast to Gauteng, there's endless fun with waterslides, water sports like kayaking and pedalos, beach volleyball, a zero-depth kiddies waterpark, a Mediterranean-inspired

family restaurant, braai pods that are fully serviced and catered, and a convenient poolside store. Don't forget to check out the padel courts, too.

If, on the other hand, you're travelling on business, remember that the Ultimate Helistop may be scheduled for quick flights to your business meetings. The Helistop is, moreover, equipped with a meeting room and business facilities. You may also wish to make use of the co-working facilities at Guild, where you can also enjoy a scrumptious breakfast or lunch.

Those travelling as part of a convention will be pleased by the post-meeting and social activities on offer. Your gathering will be comfortably accommodated at Guild's conferencing facilities, which offers an 80-seater conference and event area. Then it's time to square off against colleagues on the championship golf course or the padel

court, followed by a relaxing braai at the Lagoon with some pool activities or drinks at the hotel's cocktail bar.

Alternatively, hire an e-bike to explore the estate's magnificent 2,000-acre parkland along the 50km mountain bike track and revive yourself afterwards with a refreshing dip in the hotel's rooftop pool.

The best way to finish off your stay? With a visit to the Saxon Spa (opening early 2025) to indulge in your choice of pampering treatment or wellness journey amidst a beautiful setting.

The Steyn City Hotel by Saxon truly offers something for everyone and for every occasion to make your stay unforgettable, with hopes of welcoming guests back very soon!
